It is the responsibility of all contractors, electricians and plumbers to obtain the necessary permits from the Code Enforcement office at Municipal Building *before* ANY work has begun. Work must begin within six (6) months of the issuance of any permit.

If this is an "After the Fact" permit, it will be subject to a fee two times the normal permit fee.

It is the responsibility of the contractor to obtain all inspections required. A rough-in inspection is required before any work is covered, and a final inspection is required when all work is complete. A Notice is required for any inspection. This signed application constitutes consent on the applicant's part to allow for all inspections at the property location listed.

No permit will be issued until all of the above information is furnished, and all the above conditions met.
